Polonsky to succeed 'Joe' on council

Albert E. Polonsky, attorney at law, and chairman of the Daly City Personnel Board, was named Monday night as the man to replace Joseph J. Verducci on the Daly City Council. Polonsky, whom vice-mayor Michael DeBernardi said was a man who did not seek the job, but the job sought him, has resided in Daly City over 10 years. Polonsky will serve out the term of Verducci which expires April 14. The council passed a motion of intention to appoint Polonsky to the council effective Jan. 13. Verducci resigned effective Jan. 1 in order that he may devote himself to the activities of his campaign for county supervisor of the Fifth District. Polonsky attended the University of San Francisco undergraduate school, receiving his B.Sc. in June, 1947, and his law degree in June, 1949.

He was admitted to the California Bar in January, 1950. He was admitted to the United States Supreme Court in 1959 and has been practicing law in San Francisco since January, 1950. A Past Master of Bay City Lodge 526, F.&A.M., he is a member of San Francisco Body, Scottish Rite, California State Bar Association and Lawyers' Club of San Francisco. He has been married to Shirley H. Polonsky since January of 1947. They have two children, Richard, aged 12 years, attending Benjamin Franklin High School, and Jeffrey, aged 9 years, attending Fernando Rivera Grammar School. Polonsky, who was born in San Francisco July 1, 1922, moved to Daly City in November, 1953. He served in the U.S. Army during World War II in Italy, France and Germany.

Elementary teachers To study pay

A pay raise request by teachers in the Jefferson Elementary School District was set aside for study this week by school board members. The pay hike, amounting to a seven-per-cent increase and \$175,000 a year, would place Jefferson in a position to offer "competitive salaries to beginning teachers and a rewarding salary to career teachers" said Michael Pennings, representing the Jefferson Classroom Teachers' Association. Pennings introduced the request at the Dec. 4 meeting of the board. Study in depth "Where's the money coming from?" asked Thomas F. Noonan, board chairman, and O. Wayne Douglas. "Teachers are our most costly (budget) item; we should give this careful consideration," noted Douglas. "I would like to see a study made of this in depth," suggested Noonan. Charts The validity of charts used by teachers to explain JESD's salary position relative to 40 other Bay area districts was challenged by Board Chairman Noonan. "I don't think the charts reflect a true picture," he said. "We are a leader in actual dollars paid," said Noonan.

Send news early
For the next two issues, Dec. 25 and Jan. 1, The Record and Westlake Times will have an early close for advertising and news stories. To be sure of publication of your material, please have it in our offices by 4 p.m. of Friday, Dec. 20 and 27. The Westlake Times and The Record will be delivered on Thursday the next two weeks. The early deadline for copy is to give our employees Christmas Eve and New Year's Eve with their families.

OPERATION SANTA CLAUS—Marines of a San Mateo County reserve unit help Dalys. City fire chiefs H. Ritzman and Frank Specht unload toys for Operation Santa Claus. The toys are stored at the Central Fire Station, Daly City and distributed before Christmas. Some 100 families will receive gifts this year in the Daly City-Columa area.

'Santa' \$\$\$ needed

"What we really need is money," said the wife of the co-chairman of the "Operation Santa Claus" drive this week. Mrs. Peter Markovitch said gifts are still being accepted at "Operation Santa Claus," 6454 Mission St. Donations of food, toys and clothing are to be sent to Daly City Central Station, 157 Lake Merced Blvd. The objective of this community project is to make certain no needy family is overlooked at Christmas. Last year 94 deserving families received gifts of food, toys and clothing. In these families were 396 children. Co-chairmen Fire Chief Elmer Kennedy and Peter J. Markovitch said 22 organizations, religious, services, P.T.A., scouts, plus many individuals are participating in the drive. Children of various school and recreation facilities collect canned goods for the families. Firemen repair and paint

bikes to be given to children. Men are collecting cash contributions from merchants, so that toys, clothing and food can be supplemented when necessary. Many religious groups are asking their members to contribute as they have done in the past. Other organizations will go to the fire station to help sort contributions and wrap gifts. The names of the people they are helping are not known to the people who help. The deliveries are made by address only. Christmas packages are delivered by the Fire Department and some volunteers. This is the thirteenth annual drive. This year's preliminary list has 70 families with over 300 children, and it is expected that last year's record will be surpassed. "Operation Santa Claus" was established as a community project in 1951.

Shoplifting charges are made

They were doing their Christmas shopping early last week in Westlake. Three women were nabbed with goods allegedly taken from stores. Released to appear in municipal court were: Mrs. Virginia Austin, 18, 648 Teresa, South San Francisco, charged with theft of shirts and baby bonnets from Woolworth's; Mrs. Anna Tijerino, 37, 5 Park Manor drive, Daly City, charged with theft of a man's sweater and socks at J.C. Penney's; Mrs. Margaret Yvonne Enright, 32, 820 Linda Mar boulevard, Pacifica, charged with theft of boy's jacket and ladies pants and sweater from J.C. Penney and Arthur's.

Councilmen urge college, mass transit

Resolutions urging the Governor to place legislation on the matter of Mass Transit in the County of San Mateo and providing for a State College within the County of San Mateo for the 1964 Special Session of the Legislature were passed Monday night by the Daly City Council. The council resolution on education urged on the grounds that the bill to provide for a state college was passed by both houses in the regular session and not signed into law and since San Mateo County alone will produce 3,500 high school graduates and state colleges have reached their capacity. The rapid transit resolution is a request for new legislation for mass transit to serve the urban and metropolitan areas of city and county.

Transportation policy to stop segregation

An amended transportation policy approved Monday night by the Jefferson Elementary School District Board of Trustees proposed to put to rest a dilemma and charges of promoting de facto segregation in Daly City by busing. The amended policy, introduced Dec. 2 by O. Wayne Douglas—who introduced the original controversial policy, emphasized "that everything possible should be done to eliminate the segregation of children... on the basis of racial or other distinctions. The policy states that while "the Board does not favor transporting pupils as a solution to segregation in any form... it may be necessary... to transport pupils... to another schools" if classroom space is not available. Objection Mrs. Katherine Mullen contested the phrase, "does not favor transporting as a solution." Mrs. Mullen stated that the phrase may close the door to a possible solution to de facto segregation. In eliminating segregation,

all of such factors, among others, shall be considered in the location of new schools and the establishment of school district attendance boundaries. But the Board does not favor transporting pupils as the solution to segregation in any form. However, because of the unavailability of certain classroom space, it may be necessary, from time to time, to assign or transport pupils from the school nearest their home to another school farther removed therefrom. It is the express policy of this Board that any such move shall be made with attention to all of the factors previously mentioned and so as to disrupt, as little as possible, the educational, emotional, and psychological development of each pupil, and to keep to a minimum the inconvenience occasioned to the family insofar as participation in P.T.A. and other school-oriented parents' organizations are concerned. A consideration, in this

instance, is the number of schools attended by pupils so assigned from one large family. Where it is at all humanly feasible, it is the Board's policy that transported pupils from one family be confined to one school. In connection with this policy, the Board is mindful, not only of the considerations that must be made, individually, in the case of any decision affecting the placement of pupils, but also that public education, if it is to grow and prosper, must have the support and participation of the citizens of the community. The Jefferson District is particularly fortunate in having citizens who are greatly interested in and anxious to contribute their resources toward our public school system. This feeling of our citizenry should be carefully guarded and nourished since it is the greatest force we have for the continued improvement of our public schools.

Wage war against crippling diseases

Gas station operators in Daly City will stage a "first time anywhere" drive next year when they donate one penny of every gallon of gas pumped to the March of Dimes. Over 20 service stations are in on the drive. They met Monday with local chairman Joe Lewkowitz and county chairman James Kehoe to set a date. Tentative date is set for a Sunday early in February, the same day the county Dimes March stages a benefit all-star baseball game at Candlestick Park. Kehoe told the service station operators at a meeting at the Westlake Bowl that the March of Dimes drive in San Mateo County is trying for a knockout blow against all crippling diseases. He said March of Dimes research is trying to find cures for birth defects, arthritis, muscular dystrophy and Cystic Fibrosis. Dimes March money helped develop the two vaccines against polio. County March of Dimes monies are used for research at Stanford Hospital and Children's Hospital. Taking part in the drive will be the following service stations: Farrell Auto Service, 6831 Mission; Signal Station, 1055 Hillside boulevard; Daly City Flying A Service, 7200 Mission street; A&S Service, 1404 Southgate; AMP King Battery Company, 6115 Mission street; Clardella's Rightfield Service, 7499 Mission; Leslie J. Ritchie (Westlake Flying A Service), Alameda boulevard and Lake Merced boulevard; DeBernardi's Flying A Service, Westmoor and Southgate; Jerry Bowers (Chevron), 199 Eastmoor; Charlie's Service (Union Oil), 1216 Hillside boulevard; Barbata's Shell Service, Eastmoor and Sullivan; Pete's Flying A, 2408 Junipero Serra; Alberigi's Auto Service, 6098 Mission street; Dick Latimer Chevron Service, 2446 Junipero Serra boulevard; Fred's Westlake Shell Service, Skyline drive and Westmoor; Westlake Rightfield Service, 151 Southgate; James Paulson (Shell), Parkview and Junipero Serra; Westlake Auto Service, 6498 Mission; Conci's Shell Service, 6417 Mission and Marcell's Service, Bismark and Mission.

Serramonte construction to begin

Work will get under way next week on the first phase of Serramonte, the \$200,000,000 planned community in the southern section of Daly City between the coast foothills and Mt. San Bruno. Annexation to Daly City of the 916-acre parcel, known for nearly 75 years as the Christen Dairy Ranch, became effective earlier this month. Planning for the development has been going on for two years. According to Carl Gellert, head of Suburban Realty Co., the \$1,296,000 contract for the first phase of grading operations has been awarded to two Sacramento firms—Eugene Lohr and Co. and Elmer G. Wendt, Inc. Suburban Realty Co. was formed by Standard Building Co. and Crocker Land Co., both of San Francisco, to develop the property. Grading of the hillside will begin in the southwest portion of the development, near Skyline blvd. Involved in this first phase of grading are some 4,500,000 cubic yards of earth. Gellert said he anticipated the eventual removal of 30,000,000 cubic yards of earth before the project is completed—ranking Serramonte as one of the most ambitious development projects undertaken on the West Coast. Serramonte, when completed, will be a modern residential city for 21,000 people, and a commercial hub serving the combined communities of Daly City, Pacifica, South San Francisco and San Bruno. Actual construction of residential units could begin as early as May, depending on how much of the grading is accomplished during the winter months. Master plan for development of Serramonte was prepared by Wilsey, Ham and Blair, engineers and planners of Millbrae. This plan calls for a 320-acre residential park integrated high, medium and low density housing. Half the residential land will be devoted to high density tower apartments, garden apartments and terrace apartments on the steeper slopes. Single family homes, one and two-story and split level, will occupy the other half of the residential land and will account for 25 per cent of the total dwellings. A weather conditioned shopping center is planned for a 73-acre site near the junction of Junipero Serra and Cabrillo freeways, with concourse open areas rather than malls. Stores will open onto the concourses. Complete basement truck loading facilities have been designed to accommodate major department stores, specialty shops, food markets and fine restaurants. Thirteen acres of parks and recreation areas are projected in the master plan, plus sites for libraries and other municipal services. Elementary schools, junior high and high schools are included in the huge development. Annexation proceedings, concluded last month, had the support of Daly City officials, business and community leaders. Upon completion of the Serramonte project, Daly City will become one of the largest cities on the Peninsula.

Segregation 'wrong'

(Editor's note: This is the second in a series of articles by Leonard Kreidt of the Education News Service on one of the toughest issues facing California today and in the years ahead: de facto segregation in the public schools and numerous difficult problems involved in bringing it to end.)

California's official public bodies have taken the stand that racial segregation is wrong wherever it occurs, especially in those seed-beds of democracy, the public schools. Aside from the damage which may be done to young minds by the segregationists' denial of the American ideal of equal opportunity for all, the State's top educators reject racial separation as bad educational policy.

From the minority standpoint, segregation runs counter to the 1954 United States Supreme Court ruling that "separate educational facilities are inherently unequal" and mean an inferior education for the segregated minority children.

Educators feel that segrega-

tion also sets a restriction on the education of majority children by denying them the opportunity to become acquainted with and to understand other racial and religious segments of humanity that are an increasingly important part of their daily life.

As Wilson Riles, consultant to the Commission on Teacher Employment Practices, put it, "School should prepare white American children for living in a world where the majority is brown."

Caucasian Americans are not used to being in the minority. The prospect of minority status produces sharp feelings of insecurity in the average white.

This apprehension shares top billing in white reactions with the fear of property devaluation, which is most often cited as an unsubstantiated reason for the subtle discrimination which has led to residential segregation.

Why do members of minority races seek homes in neighborhoods where they are not welcome? According to Riles, it is the same drive for status

and the symbols of status which motivates the middle-class white American.

"One of the symbols which means much to the Negro is to have his child in a school with a reputation for being 'the best,'" Riles said, "and that is why he will, if he can afford to, move into the attendance zone of such a school."

Those affluent enough to make the change are not the cause of California's problem. Many of them have integrated with varying degrees of success in white neighborhoods. Those left behind in the racial ghetto are the ones whose children are doomed to segregated schooling unless some artificial means of desegregation is found.

The problem in any forced method of desegregation, particularly if it should be outwardly successful in mixing children of the various races in the schools, is an interesting and unfortunate phenomenon known as "self-segregation."

This is the tendency, according to Riles, for minority children to herd together apart from the majority whites and apart from members of other minority groups.

"Oddly enough," he said, "this polarization does not occur until the minority student group has become sizeable. If Negroes, for example, compose 10 to 15 per cent of the student body, they seem to become a part of the general school population with no difficulty. But at a percentage figure somewhere above that, they begin clustering off to themselves."

Riles says minority students duck into the protective device of self-segregation because of uncertainty as to their acceptance. It then grows into a matter of individuals conforming with the rules of the minority group, violations of which lead to ostracism or worse.

Discussing the subject recently before the State Board of Education, Riles reported that self-segregation is carried to the point, in some schools, of keeping certain activities for certain groups. Basketball,

for example, might be a Negro monopoly. Student government might be reserved to whites, etc.

According to Riles, self-segregation is proof that desegregation is not the same thing as integration.

"Throwing youngsters of different racial backgrounds together on the campus and in the classrooms is not integration," he said, "It is only the first step. True integration requires joint activities that have the students working and playing together and thinking of each other as equals without regard to race, color or creed."

Self-segregation, in Riles' opinion, presents a challenge to school faculties to become sensitive to this symptom of insecurity, awkwardness and hostility and to devise ways to alleviate it.

Red Cross volunteers to be feted

More than two hundred invitations are in the mail to friends of Red Cross and volunteers to the first Volunteer Tea.

The affair will be presented by the Office of Volunteers for the Coastside Region of Red Cross.

The tea will be held Dec. 18 from 3.5 p.m. at the regional office, 600 Palmetto Ave., Pacifica.

During the past year the region has seen the organization of a water safety committee, expansion of the motor corps, and realization of many aims set down when the coast office of the Golden Gate Chapter of Red Cross was opened in July, 1962, according to Howard D. Hoops, regional administrator.

Hostess for the tea will be Mrs. George Elliott, chairman for the Office of Volunteers, and resident of Pescadero, assisted by Red Cross volunteers.

Bleak Xmas seen for some needy

A bleak Christmas still appears to be in store for the needy of San Mateo County.

Mrs. Ron Schultz, Community Christmas chairman, reported that, so far, public contributions to the Community Christmas drive are moving slowly and cannot begin to cover a fraction of the requests from families and individuals known to the health and welfare agencies.

Prominent among those waiting on the receiving end, she said, are children, the sick and the elderly.

The most frequently requested items are shoes, clothing, and food.

Small or large contributions in shoes, merchandise, and food orders would insure a brighter Christmas for these needy, Mrs. Schultz appealed.

Contributions may be sent to the Community Christmas Bureau, P.O. Box 608, San Mateo. Articles may be brought to headquarters, ground floor, Naval Reserve Training Center, Baldwin Ave. and San Mateo Drive, San Mateo.

Mrs. Schultz suggested that clubs and other groups contemplating a Christmas project contact her at Bureau headquarters.

Police said 70 payroll and four expense voucher checks had been stolen from an office at the hospital site at Junipero Serra boulevard and Eastmoor avenue in Daly City.

The company said an undetermined number of blank expense voucher checks were missing.

YOU'RE MAKING A BIG MISTAKE IF YOU'RE NOT DRINKING 80 PROOF GIN!

If you think higher proof means higher quality — that's a mistake.

If you think you have to pay more money to get a better gin — that's a mistake.

If you think the gin most Englishmen drink is more than 80 proof — that's a mistake.

You should know, to begin with, that America is practically the only civilized country in the world that drinks high-proof gin. The British, who perfected gin, know that gin has an ideal taste and flavor balance, and they prefer it at milder, smoother 80 proof. Here's the whole story:

80 PROOF GIN TASTES BETTER

"Proof" is no measure of quality. It's a measure of alcohol content alone. (100 proof means 50% alcohol.) Alcohol itself has no flavor. The pleasant taste of gin comes entirely from the herbs with which it's distilled.

The best test of gin is to drink it straight or on-the-rocks. You'll find 80 proof gin has the big taste advantage of 80 proof mildness — with the same full flavor of higher proof gins.

80 PROOF GIN COSTS LESS

Gins are taxed by the U.S. on their proof or alcohol content, only. The lower the proof — the lower the taxes, and the lower the cost to you. When you buy an imported label, you add the cost of shipping and duties. That pushes the price even higher, without giving you 80 proof quality.

80 PROOF GIN MAKES BETTER MARTINIS

It makes them extra dry, as you like them, but not extra strong. Twenty years ago, the 3-to-1 Martini was standard. Today, with the trend to dryer Martinis, they're made 6, 7, even 8-to-1. As a result the modern Martini has climbed from a smooth 76.5 proof to an overwhelming 84 proof! Solution? Mix with 80 proof gin. It gives you the same full, dry gin flavor, but it returns the Martini to its original, more moderate proof.

80 PROOF GIN MAKES BETTER TALL DRINKS

When you mix a tall drink, like a Collins or a gin 'n tonic, you dilute the strength of the gin "to taste." You also mix for balance of flavor. 80 proof gin will give you better balance. You don't have to drown it to drink it.

HOW TO MAKE DRY MARTINIS MAKE MORE SENSE

Using Standard 36 Proof Dry Vermouth	Using 90 Proof Dry Gin	Using 80 Proof Dry Gin (or Vodka)
3 — to — 1 (Traditional)	76.5 Proof	69.0 Proof
5 — to — 1 (Dry)	81.0 Proof	72.6 Proof
8 — to — 1 (Extra Dry)	84.0 Proof	75.1 Proof

(The "standard" proof for today's bottled Martinis is a moderate 67.5 proof.)

OLD MR. BOSTON IS THE FINEST GIN YOU CAN BUY

It's vacuum distilled at an unusually low temperature in special glass-lined stills. Only at such a low temperature, is it possible to capture the most delicate essence of the herbs. This is one reason for Old Mr. Boston's flavor distinction. It is America's first and largest-selling 80 proof Dry Gin!

Better Business Bureau

Not all Christmas rackets are merry

To date the predictions for a Merry, Merry 1963 Christmas Season have been more than realized. However, with good business conditions and consumers wealthy and inclined to spend freely, racketeers suddenly appear on the Christmas scene and take full advantage of the Yuletide spirit. The list of schemes devised by these slick operators to relieve the Christmas shopper of his dollars is almost endless and range from phony charity appeals to deceptive sales practices.

Every year Better Business Bureaus throughout the country put out loud warnings concerning these schemes as both consumer and ethical merchants suffer.

Most mail order houses are honest, but there are some who claim to be wholesale houses and who issue slick catalogues with merchandise offered at a 40 per cent discount. This 40 per cent discount is usually 40 per cent of the padded price of the original.

Certain mail order promoters advertise toys with glowingly advertised descriptions and with wildly exaggerated claims of performance. Balloons are advertised as "rubber animals"; playhouses are made of cardboard; cardboard cutouts are advertised as "dolls."

Shops open up overnight and disappear as quickly on Christmas Eve. The customer can only complain to an empty store if the walking doll did not walk because there was no place provided for the necessary battery, or the mechanical dog did not bark after the salesman, who had made the dog appear to be barking, has left town.

The overloaded postman has to deliver tons of unordered merchandise, much of it with a built-in charity appeal. The person who receives such merchandise, often cheap ties and cards is under no obligation to either pay for or to return such unordered goods. Much of this merchandise mailed in the name of charity is sent by some unscrupulous manufacturer who has bought the charity's name for an infinitesimal reward.

One of the cruelest tricks at Christmas is the Bible salesman who scans the death notices and chooses his victims from the deceased relatives. He calls upon the family with a Bible he claims the deceased had ordered as a gift. The grieving family will usually gladly pay the balance due. In most cases the Bible is worth only half the amount asked.

Another ghoulish trick is for the con artist to call on a mother who has lost her son or daughter with the claim he is a jeweler and is holding a piece of jewelry for her engraved "Mother," on which her child has made a substantial down payment. It is almost certain the mother will pay the balance to get the last gift from her child.

A real tinselled scheme is the package box. The con man arrives as a messenger boy with a COD package. The package is for the neighbor who is not at home, or for an executive whom the con man has already learned is out of his office. In the Christmas excitement the secretary or the housewife pays the charges on the package. When the package is opened it is found to be filled with old papers and sometimes bricks!

Better Business Bureau warns you to deal only with reputable dealers at Christmas as you should do throughout the entire year. A reputable dealer will stand behind his merchandise and will exchange it if there is a good reason for exchanging.

Annual Christmas open house today at Westmoor

By Lanette Howard

Preparations for the annual Christmas open house have been in full swing in all home-making classes at Westmoor.

Taking place today, the open house will be from 9 a.m. to 2 p.m. in the home-making classes. Faculty and parents of the home-making students are invited to view Christmas projects made by the girls over the past few weeks.

Coat hangers, macaroni, egg cartons and other household goods have been used to make decorations which not only beautify the home, but also teach students how to be creative with materials at hand.

Economical and handy, gifts made from a combination of scrap materials and commercial products. Bath soap decorated with ribbons, paint and false flowers; pot holders sewn out of cloth scraps; embroidered kleenex box covers; and candles made of paraffin and crayons, are examples of some of the more popular projects which are being displayed.

Foods classes have also been getting into the spirit of the occasion by making Christmas cookies and punch for today's Open House. Ginger cookies in the shapes of Christmas trees, stars, Santas, and decorative sprites as well as proven favorites, fruit stollen and chocolate fruit cookies adorn the tables for consumption.

Homemaking teachers, Mrs. Aileen Kelly, Mrs. Marilyn Ammann, and Miss Phyllis Ferranti, have been working with the students to achieve the holiday effects.

Westmoor Wanderings

By Sherry Rosen

Christmas at Westmoor High is:

- Helping to decorate the freshly-smelling tree in the main hall and seeing it sent to patients at a hospital;
- bringing gifts of clothing, toys, and food for the needy;
- creating original decorations from ordinary household items like macaroni and soap in homemaking class;
- playing with the dance band tonight at Skyline Plaza;
- caroling with the choir for the Chamber of Commerce and at Westlake Shopping Center;
- getting a one-week reprieve from classes to join the ranks of holiday employees;
- counting the number of trees throughout the campus: in the library, in the girls' P.E. office, and in a few classrooms;
- arranging bright colored foil to create a stunning library bulletin board effect of shining reds and greens;
- hearing the first faint strains of the choir as they stroll up and down the halls on the last day of school singing carols;
- dancing "neath candy canes and holly at "Christmas Magic";
- flipping books into lockers for a delicious two-week period of banishment and hurrying home to celebrate the holiday season with your family.

Plans are under way to send several WHS juniors to represent West Germany at the annual mock United Nations assembly in Berkeley next semester. The delegates will join other "foreigners" from all over the Bay Area for the historic gathering.

Local Mothers March Bayshore chairman named

Mrs. Fred Pakjos, 183 Rio Verde, has agreed to serve again as local chairman in Bayshore City for the vital Mothers March phase of the 1964 March of Dimes campaign in January. It was announced this week.

A veteran volunteer worker in this public health cause, Mrs. Pakjos has resided in Bayshore City with her four children since 1947. Her children are Virginia, 19 years old; twin girls, Mary and Joanne, age 7; and Freddie Jr., 6.

Active in civic affairs, Mrs. Pakjos is president of the Bayshore PTA and last year also. She is a past-president of the Young Ladies Institute No. 190, and is recording secretary of this organization.

Mrs. Pakjos likewise is active in the Mothers' Club, is on the board of managers of the Young Ladies Institute and also teaches catechism. She worked actively in the annexation of Bayshore City to Daly City.

Her husband Fred is with the Clark-Farnsworth company.

The 1964 March of Dimes campaign officially begins Jan. 2, continuing throughout the first month of the new year as always since founded in 1938.

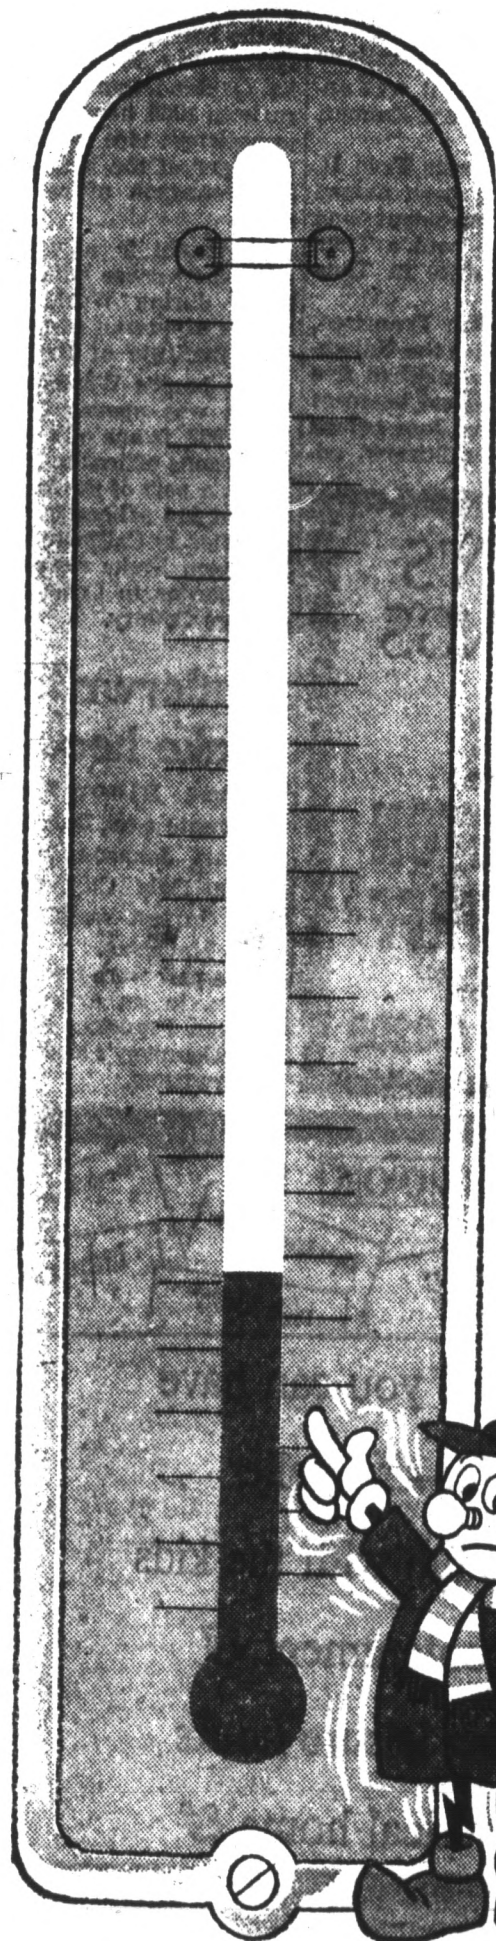

The two major projects of the March of Dimes, now that polio is all but a thing of the past for new cases thanks to the two vaccines developed over the years by March of Dimes financial support for research, are birth defects and arthritis. The announcement explained.

These cripple far more victims than polio ever paralyzed before the vaccines, volunteer leaders report.

OLM Pack 347 holds ice skating outing

The ice skating outing previously announced was held on Saturday, December 14. Christmas Gifts for the patients at Laguna Honda Home were collected. The highlight of the evening was a film about bike riding and was explained by Jay Flynn of the Calif. Highway Patrol who commented on the correct and legal way of bicycle riding.

Next pack meeting, February 7, 1964.

When the temperature goes down your PG&E bill goes up!

Longer nights and lower temperatures mean you need more lights, use more heat, cook more hot meals, and watch more TV. Naturally, this increases your usage of gas and electricity and

the size of your PG&E bill. But it might interest you to know that additional gas and electricity cost you less because they're "cheaper by the dozen".

Food for thought

CHRISTMAS GREETINGS
"I Bring You Good Tidings"

The meaning of Christmas comes to us in various interpretations. Christmas may be painted, as Correggio painted it in his "Holy Night" and Raphael in his "Sistine Madonna." It can be put into music as Handel did it in his oratorio "The Messiah," and Phillip Brooks in his "O Little Town of Bethlehem." It may be sung or played upon the organ or the violin. It may be felt and experienced but it can not be fully spoken.

At this season of the year it is well that we read again the scripture passages as given in the 2nd chapter of the Gospel of St. Matthew and the 2nd chapter of St. Luke and the 2nd and 9th chapters of Isaiah. In the Gospel of St. Luke it is recorded that the angel said "Fear not; for behold, I bring you good tidings of great joy which shall be for all the people."

It was good news to the Jews inasmuch as Jesus was to bring peace to the world. It was good news inasmuch as the Jews were in bondage and believed that the Prince of Peace would liberate them. At the time Jesus was born there were possibly 100 million people on earth, and the Roman Empire counted 30 million of them.

Most of them were living on the verge of famine. Very few felt any security. Pestilence was universal. Only half of the infants survived, and many did not live past middle age. Ignorance and degradation spread everywhere. Crime was prevalent, and there were two laws; one for the rich and well-connected, one for the poor and friendless. Man had no dignity in the eyes of men and no natural rights.

In the light of the condition under which man lived in Jesus day it was no wonder that the angel said, I have good news. It seems incongruous that this new born Prince of Peace should be pitted against the sprawling might of the Roman Empire.

It was Jesus pitted against Caesar. Today, however, we look upon Caesar's armies as history. His empire has crumbled, his influence is almost nil. But the things of which Jesus spoke—those intangible ideals, those words of hope—have outlasted the material world in which they were spoken and have grown stronger with every century. This is the ground for the hope that is born again each Christmas Day.

In spite of so recent happenings in America, the ardor of

our spirits has not been dampened. The truth of the Son of God has been so deeply impregnated into the warp and woof of our religious life that we can say with Job of old, "Though He slay me, yet will I worship Him." Our day is drawing us nearer to the Son of God than ever before. Let come what may, we shall still cling to the idea that Jesus is "THE WAY," and "Whosoever climbs up some other way is a thief and a robber."

The Master said "If I be lifted up I will draw all men unto me." At this Yuletide season we would ask ourselves the question—Have we lifted up the Master of men? Have we truly sought to execute His will? Today America is united in loyalty to her government. May she be united in loyalty to her God. Any nation divided against God cannot prosper. Without the Son of God we lose sight of values. Without the spirit of the New Born King in our lives, America might fight only to save islands, but with the teachings of the Prince of Peace in our minds we shall fight to save ideals, principles, rights, personalities, and the will of God.

The reign of Christ shall be realized when love grows stronger than hate; when men will forgive rather than seek revenge; when men shall seek the welfare of others rather than deprive them of their rights; when men shall seek life, liberty and the pursuit of happiness for all mankind. Christ was born and died that all this might become a reality in the world. At this Christmas season let us reveal the faith that is within us thru absolute loyalty to the Galilean Prince of Peace.

'Tis not enough that Christ was born. Beneath the star that shone, And earth was set that morn With a golden zone. He must be born within the heart.

Before he finds his throne, And bring the day of love and good. The reign of Christ—like brotherhood.

In behalf of the Daly City Ministerial Association I extend unto all our prayers and best wishes for a blessed Yuletide season.
E. A. Wolfe, D.D.

Local witnesses to attend assembly

Eighty-four members of the Daly City congregation of Jehovah's Witnesses will be delegates to the semi-annual circuit assembly at the Scottish Rite Auditorium in San Francisco this weekend. The three-day training program which begins Friday evening, Dec. 20, is expected to reach a peak attendance of 2,000 from San Francisco and the Peninsula.

William Marks, the presiding minister of the local group, discussed the importance of these gatherings by pointing to the challenge to Christian thinking and Christian works in the rising tide of materialism.

"The object of the convention," Marks said, "is to equip everyone of the preaching fellowship of Jehovah's Witnesses in the practical use of the Bible as a help in fortifying the spiritual morale of people in our community."

Mr. Marks' remarks came as a climax to the weekly ministry-development class held at the local Kingdom Hall, 3435 Alemany Blvd. It was also announced that the congregation meetings would be cancelled during the assembly week-end.

The convention will follow the theme, based on Jesus' words at John 21:17, "Feed My Little Sheep." The program will consist of Bible talks, discussions and demonstrations to train delegates in the ministry. Highlighting Saturday's program will be a baptism service conducted for new ministers.

The conference reaches its climax on Sunday at 3 p.m. when Arthur L. Borchardt, district supervisor for Northern California, speaks on the subject, "The Bible Triumphs in a Scientific World." All sessions are free and open to the public.

That cold snap still persists over most of our fishing areas, but other than the cold and a few foggy mornings, weather conditions are ideal and if it remains that way, all fishing will be good in Northern California. Many streams are starting to get gin clear which means tougher fishing ahead. Don't spend too much time working in one spot. If you don't hit action keep on the move, especially for steelhead. Don't overlook any type of water. Fish every piece of wa-

ter, fast or slow that you can drift a lure through. Give special attention to keeping hands and feet warm.

Salmon and Steelhead Fishing
Fishing is from fair to good in all streams North of San Francisco. The expert who works long and hard is taking fish. The novice is coming in skunked. Lady Luck plays a very small part in stream fishing for steelhead. Top secrets are: Keep warm. Fish with lightest tackle possible. Keep baits and lures on the move

and on the bottom. Keep your eyes on the line, don't wait to feel a strike or bump, especially on bait.

The Russian River is perfect for color, may be getting to clear. Steelhead are on the move, catches being scored from tidewater to Healdsburg with the best action still in upper tidewater. Flies working good now, several patterns of King Flies best. Flatfish, Spin N Glo's are good and fresh roe is starting to take fish. Fish not holding up, moving up the river, best catches in fast water, not the holes.

The Gualala River is clear and tough fishing, but experts taking a good two fish per rod average. Steelhead coming in and moving up the river. Many big fish taken, two 15-pounders landed Saturday, averages running light to 12 pounds. Fish hitting just about everything. Big runs should start any day now. The Garcia Riv-

er is gin clear, fishing tough, a few here and there, first big runs should come in any day.

The Eel River is just right below Dyerville to upper tidewater below Fortuna. A new run of silvers are in and being taken in good numbers, drifters are hitting nice steelhead at High Rock Hole. The South Fork is getting low and clear, fish are holding and not on the move. Good catches scored from Weott to Bonbow Dam above Garberville. Half the fish are silvers and kings, the other half, steelhead. Prospects are good for the expert, who continues to take his limit. Best baits are, Olive Drifters and fresh roe, Silver Flatfish, Spin N Glo's, and Luhr Jensen Wobblelures.

Lake Berryessa steelhead trolling is excellent. Four per rod average out of Putah Creek Park Saturday. Toppling with small Flatfish, best

Lake Folsom steelheading is also good. Three to four fish per boat average, many limits off York Creek toppling a Flatfish.

Black Bass
Lake Berryessa bass are on the bite in deep water. Two to four pounders hitting Bombers and Bayou Boogies in 15 to 18 feet of water, one to two pounders hitting out in the lake. Lake Folsom bass hitting in Granite Bay on lures. Sonics and Sailsharks, up to 2 and one-half pounds. Clear Lake blacks are hitting Weber Hoochy Jigs to the tune of limits in an average of two hours fishing time. The mouth of Cache Creek produced limits of two to five pounders while the Gooseneck shoreline gave up limits of four to six pounders over the weekend. Prospects are excellent.

Striped Bass Fishing
Ninety-five per cent of the action for stripers in San

Francisco Bay has been governed by the runs of herring entering the Bay. The "bite" areas have been Southampton Shoals, Red Rock, Paradise Cove and Richardson Bay without any particular stage of the tides producing. The old saying of "fish are where you find 'em," really holds true at this time of year and it will remain this way for some time. The "hot-bite" area last Sunday was on the Southampton Shoals at the entrance to the Richmond Inner Harbor. For those in the area between 7 a.m. and 9 a.m., limits were the rule of 10 to 14 pound fish taken on live herring. Trollers are doing poorly. The Shoals and Red Rock seem to be the areas to watch next weekend. A big new school of stripers came into the Bay Sunday morning on the heels of a big herring run. The "Paul G" out of Richmond Sportfishing Center averaged out at 2 1/2 fish

per rod from 10 to 20 pounds. Sportsfishing also in Richmond reported "red-hot" action with Bug Eye Jigs and Weber Hoochy Skirts. Pacific fish with limits the rule.

From A Feminine Viewpoint...

By Mona Baker

A bit of "Winter Wonderland" has been brought to Stonestown, complete with glittering ice rink, gaily costumed ice skaters and a 30 foot dancing tree. Right in the center of the mall amid giant candy canes is a sparkling blue ice arena featuring John Adam's "Ice Caprice" with skaters performing each day and evening.

Alongside the rink is a spectacular Christmas tree whose lights go on to the sound of music. It is a new concept of synchronized music and sound designed by Mobilcolor, Inc., two years ago for the national Christmas tree at the White House.

The ice revue presented by the Stonestown Merchants Association is continuous with shows both day and evening. The skaters (all students at the San Francisco Ice Arena School of Skating) range in age from small youngsters to adult, each performing an individual number in costume.

The theme of the evening show is "Portraits of Frost" while the afternoon show has a story book theme.

Among the talented skaters who perform in the afternoon show are a number of youngsters from Daly City, each portraying a story-book character. They include Carol Vanham, "A Scotch Doll," Jeanie Perkins, "Snow White," Robin Hoschi, "Silver Princess," Stacy Meister, "Gretel," Debbie Voeke, "Eli" and Lynn Dee Altman "Bo Peep." Also in the show is Doug McCoy from Pacifica.

On Wednesday evening (Dec. 18, 7:30 p.m.) there will be a performance by the Columbia Park Boys singing Christmas carols as the dancing tree translates the notes into visual harmony. On Friday (Dec. 27, 5 p.m.) the Mercy High School Choir will be featured.

Our community leader this week is another of those modest leaders who protest that "they really haven't done anything."

This year she has accepted an important volunteer position as co-chairman of the Mothers March of Dimes to be held the last of January. She is responsible for securing thirteen area chairmen and assisting in the drive.

Another organization in which she has been quite active in the Village Cooperative Nursery School. She has served on the executive board for two years serving one term as president of the group. This year she has accepted the important job as ticket chairman for their annual spring dance in May, the group's only fund-raising activity.

She has also modeled in the annual fashion show for Our Lady of Perpetual Help Mother's Club and assists her husband in the weekly CCD program for the school. She is also bridge coordinator for the YWCA bridge class on Wednesday mornings.

We salute Nancy Battaglia as our community leader of the week. Residents of Daly City for four and one half years, the Battaglia family, husband, Robert, and three youngsters (Katie, Greg, Joan) live at 74 Garwood Drive in Daly City.

SOCIAL WHIRL: A festive evening is in store for members and guests of Our Lady of Mercy Women's Guild when the group hold a gala New Year's Eve party. Festive too, will be the dress with both long and short formalisms being worn. In keeping with the spirit of the evening there will be noise makers, fun hats and balloons. A buffet will be served.

An artistic arrangement of fragrant green pines, red holly, Christmas balls decorated the tables when the Episcopal Women of St. Martin's held a boutique luncheon last week. New officers were elected to lead the group for the coming year. They include, Margaret Morse, president, Helen Specht, first vice-president, Jacqueline Pleutsch, second vice-president, Lila Wilson, secretary, and Jean Brugge, treasurer. Other officers include Ethel Walter, chairman, Christian Education, Grace Berkhard, youth chairman, Helen Mori, publicity chairman and Merle Josselyn, past president.

FASHION HINTS: What to wear when joining the family around the Christmas tree? Or what is appropriate when entertaining friends during the holidays? For the latest word on holiday "at-home" fashions we chatted with Lois Nacca, manager of The Fashion. She told us that bright velvet capris with bold print silk blouses are very popular. For a truly glamorous fashion one-piece jump suits of glittering lurex in soft pastels. Still a fashion favorite she said for home entertaining is long wool skirts topped by white silk blouse with a wide belt or if you prefer, a pastel jeweled sweater.

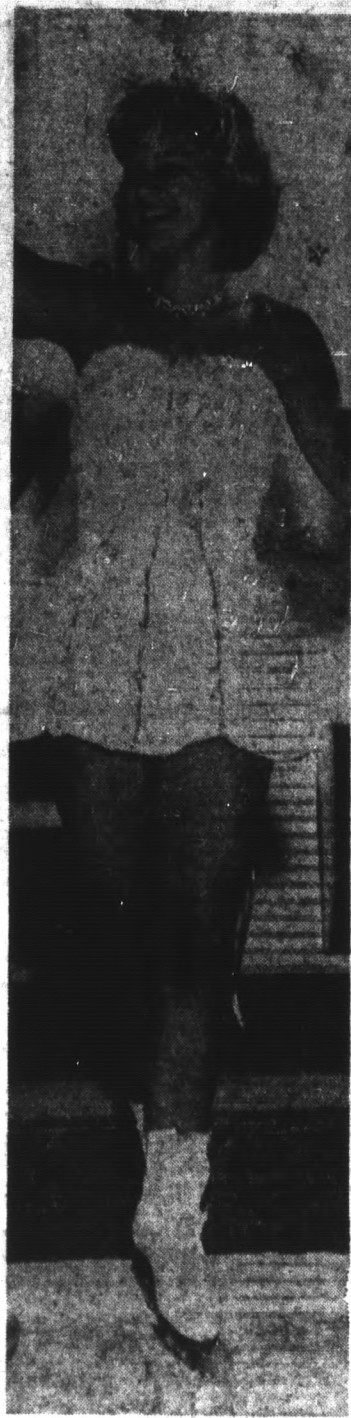

CHRISTMAS FESTIVAL: Reminder, don't forget that Daly City's annual Christmas Festival is coming up this Thursday and Friday evenings (Dec. 19, 20, 8:00 p.m.) at the War Memorial Community Center. A perfectly delightful and entertaining program has been arranged titled "Christmas, It's Carols, Customs and Legends." So do plan to bring the youngsters and attend. There is no admission charge, P.S. "Mrs. Santa Claus" will be there.

WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

One of today's most familiar Christmas sights came into being for a very good reason.

Many years ago, a child upset a candle on the Christmas tree of Ralph E. Morris, a telephone man in Boston, Mass. Fortunately, Morris was able to smother the flame and save the child from injury. But he decided right then that candles had to go.

Next day, he bought a handful of switchboard-type lamps. Then, working evenings at home, Morris soldered the little lights to a pair of wires. The result: the first electric lights for a Christmas tree—an idea that made holidays safer for everyone.

PLEASE BE SURE TO MAKE YOUR LONG DISTANCE CHRISTMAS CALLS EARLY — EVERYONE WANTS TO CALL THEIR LOVED ONES AT THIS JOYOUS TIME OF THE YEAR!

Let's say you're talking on the telephone and you have to interrupt your call for a moment. Did you know that there's a built-in spot on your telephone that'll hold the receiver? Just place it across the back of your table-model phone (as shown at the right). If you have a wall phone, you'll find that the receiver can be hung on either side of the phone by hooking it over a built-in ridge at the top.

You can save steps while Christmas shopping—if you check the Yellow Pages before you leave home.

And now, all of us at Pacific Telephone want to wish you the best of this holiday season. We hope that the coming year will be a happy one for you in every way. We've enjoyed serving you during the past year. And, to show our appreciation for the privilege, we'll be working even harder to bring you the best possible service throughout the new year.

THE NEW LOOK — Taking part in ribbon-cutting ceremonies to celebrate the refurbishing of the Edgemar Restaurant in Pacifica are (from left) Jack Ladd of the Chamber of Commerce; Karl Baldwin, city manager; Larry Shul-

man, co-owner; Harold Feyge, councilman; Robert Bly, co-owner and Mrs. Robert Bly and James A. Fox, chairman of the planning commission.

The restaurant, which is gaining a reputation for its fine steaks, now has a new carpeting, tables and lighting system.

Pvt. J. F. Lansing in Military Police

Army Pvt. James F. Lansing, son of Maj. (USA, Ret.) and Mrs. Fred Lansing Jr., 1013 S. Mayfair Ave., Daly City, is scheduled to complete eight weeks of military police training at the U.S. Army Training Center, Fort Gordon, Ga., Oct. 25.

During the course Lansing is receiving instruction in such subjects as civil and mili-

tary law, traffic control, map reading, prisoner-of-war control and self-defense. The 23-year-old soldier entered the Army in June 1963 and completed basic training at Fort Ord, Calif. He was graduated from Westmoor High School in 1958 and from the University of California at Berkeley in 1963.

Field trip by Olympia

A field trip to Leslie Salt Co. Refinery at Newark, Calif., last week concluded the study of an industry in the Bay Area for the third graders at Olympia School. Mrs. F. Lamp's group accompanied by Mrs. N. Budea toured the plant on Tuesday and Mrs. Mattson's room with Mrs. E. Freedman visited on Thursday.

The children had prepared for the trip with numerous experiences. In their study of the natural environment of the Bay Area, they learned why the ocean and bay waters were salty. They used a "cloud chamber" for the distillation of

salt water to form fresh water. They had experiments in the effects of the sun and wind on evaporation. The children "grew" salt and using salt water and an electrical charge found that electrochemistry is used to make chlorine.

To learn how salt is recovered from the ocean and solar salt is grown and harvested the children viewed motion picture films and filmstrips and studied maps. They collected pictures of products using salt. Using references the groups learned how the Indians harvested salt from the marshes along the bay.

Larry Shuman and Bob Bly of the Edgemar Restaurant in Pacifica, are proud to announce the re-opening of their redecorated restaurant.

Beautiful candleabra, thick red carpeting, variable lighting and tasteful tables and chairs now greet the customers at this fine eatery, which caters to the taste of the North San Mateo and San Francisco clientele.

Shulman, a distinguished and portly man, who wears a \$20 gold piece across his vest, said he is happy with the way customers have taken to the

restaurant which opened this October.

The restaurant patronage has steadily increased.

As an interesting side-note, Bob's blonde-haired wife, once employed her husband. He was her maitre-de when she was owner of Grant's Charcoal Broiler in San Francisco. Now she draws her paycheck from Bob. As she says, "The tables are reversed."

Shulman formerly operated the Embers Restaurant in San Francisco.

The Edgemar Restaurant is located off Highway 1 in the Edgemar District of Pacifica. The restaurant features Jean Orlet at the piano bar.

Melodious strains the Yule spirit

Melodious strains reflecting the Christmas spirit have already begun to permeate the air, as the Westmoor High School Music Department, under the direction of Mr. Howard Loeffler, contributes to the holiday atmosphere.

Leading off the succession of Yuletide events was a Christmas concert presented by the Adult School Orchestra at Skyline Plaza on Thursday night, Dec. 12. This comparatively new musical group, formed only last spring, gave an hour performance. Selection included "Rudolph the Red-Nosed Reindeer," "Deck the Halls," "O Little Town of Bethlehem," "Hark! The Herald Angels Sing," "Jingle Bells," "Christmas Overture," "It Came Upon the Midnight Clear" and "Jolly Old Saint Nicholas." Other tunes were "The First Noel," "Joy to the World," "Winter Wonderland," "O Come All Ye Faithful," "While Shepherds Watch" and "Silent Night."

Another Christmas concert was given at Skyline Plaza last night, Dec. 17, this time by the WHS Student Concert Band. Under the direction of Student Leader Larry Blake, the band continued this annual tradition begun last year by playing Christmas numbers which included "Holiday Sleigh Ride," "Jingle Bells Rhapsody," "O Little Town of Bethlehem," "Deck the Halls" and "Hark! The Herald Angels Sing."

Other seasonal pieces were, "The Christmas Song," "Frosty the Snow Man," "It Came Upon the Midnight Clear," "Jolly Old Saint Nicholas," "Santa Claus Is Coming to Town," "The First Noel," "Joy to the World," "Rudolph's Christmas Concert," "O Come All Ye Faithful," "Silent Night," "While Shepherds Watch Their Flocks," and "White Christmas."

Following the program, the performing students carried on another tradition by returning to Westmoor where they joined their parents for cookies and coffee.

Tomorrow, the WHS a cappella choir, who has been asked by the Daly City Chamber of Commerce to sing, will do so at their annual Christmas luncheon at the Serra Bowl, luncheon by section leaders Bob Doiron, bass; Carl Jacobson, tenor; Marsha Hart, alto, and Cathie Leech, soprano, the choral group will sing "Candles Like Stars," "Sing Unto the Lord," and a medley of Christmas carols, with accompaniment by pianists Cathie Leech and Carl Jacobson. In addition, Cathie Leech will sing a soprano solo to "The Birthday of a King."

Following up their afternoon engagement, the a cappella choir will join the Girls' Glee Club tonight by request of the Doelger Corporation, where they will stroll up and down the center mall from 7:30 to 8:30 singing Christmas carols. Leaders in the Girls' Glee Club are Ardith Rice and Stacy Cikus, who also are accompanists for the group.

The two groups will sing "O Come All Ye Faithful," "It Came Upon the Midnight Clear," "O Little Town of Bethlehem," "Silent Night," "Deck the Halls," "Joy to the World," "That Christmas Night," "We Wish You a Merry Christmas," "Angels We Have Heard on High" and "What Child Is This?"

In addition, the a cappella choir will harmonize in "Can-

dies" and "Sing Gloria" while the Girls' Glee Club will carol "Star of Bethlehem," "Sleep, Gentle Jesus" and "Away in a Manger." After the performance, the two groups will also join their parents for refreshments at the high school.

To conclude Christmas performances for the season, the Girls' Glee Club and a cappella choir will separately carol throughout Westmoor corridors on the last day of school before Christmas vacation, Dec. 20.

AIRMAN OF MONTH—David L. Hansen, of Daly City, was selected as Airmen of the month for October at Fort Yukon AOM-AIC. A member of the 700th AC&W Squadron, he was chosen for the honor because of his outstanding performance of duty as an intercept control specialist and assistant operations crew chief. Hansen entered the Air Force in July, 1953, from Daly City. After graduating from ground operators school, Keesler, AFB, Miss., he was assigned to Misawa AFB, Japan, in April, 1953. He has also served to Mill Valley, AFB, Calif., and Hamilton AFB. After tours at Landstuhl, Germany, and Sweetwater AFB, Texas, he was transferred to Fort Yukon, AFB, arriving in July, 1963.

C. Columbus astir with Christmas bustle

Christopher Columbus is astir with Christmas activity. Although school work continues as usual, there is excitement in the air as classrooms emerge in lovely Christmas array.

Emphasizing that "Christmas is the time of giving," each class has prepared Red Cross gift boxes which are to be placed under the big Christmas Tree in the Multi-Use Room. All the classes are contributing original ornaments to decorate this lovely tree.

Thursday, December 19th, at 10:00 a.m., the Primary classes are presenting a program called "Sing Along with Christopher Columbus." This will feature seasonal songs brightened by costumes which the children have made, and enlivened

by rhythm band and dances.

On a more serious side, the second grade classes of Mrs. Dominge and Mrs. Antongianni have visited the Dubuque Meat Packing Plant as they continue their study of community industries. The children were interested to see how bacon was sliced and wrapped, how ham is cured in brine or smoked in ovens, and, best of all, how "hot dogs" are made, for they all had an opportunity to sample one! All the children received a gift of a ruler as a memento of their trip.

As a culmination of their study of the dairy, Mrs. Antongianni's class learned how to make butter. They also learned about ice cream, put-

ting together its ingredients, and turning the cream to produce good ice cream. Needless to say this was a pleasant learning experience!

Titled "Bells and Carols," the event will feature the music of Christmas and Hannukah. Miss Laura Abernathy is the vocal director and narrators will be glee club members, Maureen Kenna, Danny Kunst and Shirley Sowl. A dozen orchestra members will perform under the direction of Richard Snyder.

AMMETER AS GUIDE

In addition to being a guide as to whether the stop light is working, the ammeter will indicate whether the silently running engine actually is running.

Rotarians hear accident tips

Some tips on what to do and what not to do if involved in an automobile accident were heard by The Daily City Rotary Club. Program Chairman Sy Levey presented as his speaker Mr. Milton Jacobs, an attorney who specializes in personal injury cases.

From an attorney's viewpoint, the following suggestions were made: (1) Take

stock of yourself first, not the possible damage to your car. (2) Get the license number of the other car. (3) Don't tell the other driver your total conception of what happened.

In short, don't "tip your hand." (4) Don't move your car until police have noted its position. (5) Try to get witnesses' names and addresses. (6) Call the police. (7) Remember that you have a right not to be a witness against yourself. (8) If you're hurt, don't be a hero. Get proper medical attention. (9) Don't sign any release prematurely.

Pacificans complete Naval basic training

Thomas N. Lowe, son of Mr. and Mrs. David C. Lowe of 795 Claridge Dr., Pacifica, and John H. Steele, son of Mr. and Mrs. James H. Steele of 1460 Crespi Dr., Pacifica, Calif., completed basic training Nov. 15 at the Naval Training Center, San Diego, Calif.

The nine-week training included naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

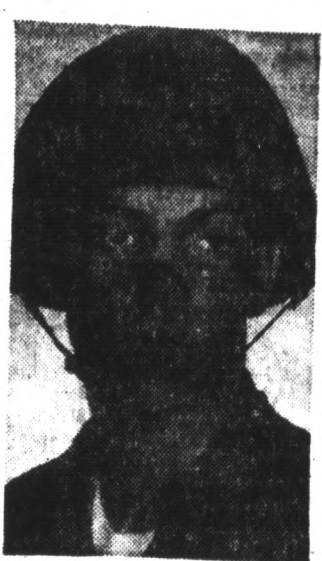

Army Specialist Five Joe R. Sanders, whose wife, Frances, lives at 26 Eaton Ave., Daly City, Calif., is among the 1,000 American military personnel who have received orders to return home from duties in the Republic of Vietnam. The movement of personnel began Dec. 3. The 1,000-man unit in U. S. Forces is being undertaken because the training of the Vietnamese armed forces has progressed to the point where the withdrawal of some U. S. Forces is possible. Specialist Sanders served with the U. S. Army Support Group, Vietnam. Sanders entered the Army in 1958 and arrived overseas in March 1963 on this tour of duty. His parents, Mr. and Mrs. Baker O. Sanders, live at 3001 S. Gum St., Kennewick, Wash. (U. S. ARMY PHOTO)

MARINE PRIVATE John H. Steele, son of Mr. and Mrs. John Douglas of 188 Frankfort St., Daly City, completed four weeks of individual combat training Oct. 29 at the Second Infantry Training Regiment, Marine Corps Base, Camp Pendleton, Calif.

While with the regiment all new Marines are trained in tactical and combat skills needed for battle. Emphasis was placed on the small unit tactics — the four-man fire team and the 13-man squad.

LOCAL MARINE Private Robert T. Davies, son of Mrs. Cleo S. Davies of 73 Garwood Dr., Daly City, completed four weeks of individual combat training Oct. 29 at the Second Infantry Training Regiment, Marine Corps Base, Camp Pendleton, Calif.

CHRISTMAS SPIRIT. Even the sign boards are blossoming out with Christmas greetings as is shown by this picture snapped at Westlake.

Gun club stresses safety

There are more licensed hunters and fewer hunting accidents in the United States than ever before.

The reason is hunter safety, says Nello Scandri, member of the board of directors of the South San Francisco Rod and Gun Club.

This is emphasized by officials of the National Rifle Association of America, the group that licensed the six SSF Rod and Gun Club pistol

Girl Scout Troop 716 planning a busy '64

The Court of Honor from Girls Scout Troop 716 was very busy planning the activities for the coming year. All the girls of the Troop are working on their first badge, Toy-making.

They designed and sewed doll clothes, which will be presented to the Children's Hospital, Dec. 17th. Dec. 14th, Troop 716 is going camping over the weekend to Camp Henry E. Botham in Fairfax. The girls are leaving Friday, 14th, at 4 p.m. and are coming home Sunday 15th at 4 p.m.

Mrs. B. Reisig and Mrs. G. Papelbaum are driving the girls to camp and bringing them home.

Staying with the girls at camp is their leader, Mrs. G. Ayers, Co-leader Mrs. R. Stoklosa, and Mrs. B. Reisig. The girls' leader, Mrs. G. Ayers, needs a few more mothers who are willing to help out. When you can donate some time please contact Mrs. G. Ayers: WY 2-1775.

and rifle instructors. The SSF Club, located at the end of Butler Rd. in South San Francisco, has been instructing youngsters from nine to 15 years of age in gun handling and gun safety under NRA sanction since its program nearly 15 years ago.

Hundreds of young riflemen on the North Peninsula and nearly two million students in all parts of the country have completed the National Rifle Association's hunter safety course given by the six instructors of the South San Francisco club and the more than 40,000 NRA-trained instructors in the United States.

The NRA course stresses the proper handling of guns, provides basic information on arms and ammunition, and emphasizes the importance of good sportsmanship in the field.

The NRA, a non-profit membership organization founded in 1871, estimates there are presently 14 million hunters in the United States, approximately 2,000 of whom are involved in hunting accidents each year.

In most states this figure is going down or leveling off as more of its nimrods become exposed to the NRA's efforts to reduce hunter casualties.

The NRA hunter safety course is conducted by qualified instructors who utilize the plan established by the NRA to insure that an effective job is done within the available limits of time, equipment and experience.

with movies and verbal instruction and "dry runs" with unloaded guns.

An outdoor range to teach gun handling under firing conditions will be constructed this spring, says Scandri.

Under the NRA plan, there is no attempt to teach expert marksmanship, which is a separate subject requiring more study and practice.

The NRA believes that a good hunter is a safe hunter—that those who violate the rules and proper conduct afield hurt the sport for everyone. Its Ten Commandments on shooting safety are:

Treat every gun as if it were loaded.

Always point the muzzle in a safe direction.

Be sure of your target.

Make certain both gun and ammunition are in good condition.

Open the action and unload any gun not in use.

Sight-in the gun before hunting with it.

Store hunting guns in a safe place.

When hunting wear brightly colored clothes.

Insist that your companions be safe hunters.

Learn to be a good shot.

STUDENT GUEST—Steve Willis, student body president of Jefferson High School is greeted by Dave Wharton and Max Kurtz, members of the Daly City Rotary Club. Steve

was student guest for two Wednesday luncheon meetings in December held at the Serra Bowl. Herbert Tweedie is chairman for student guests.

MOSS BEACH TRIP—Does a Sea Anemone really look like a flower? How tightly does a Mussel attach itself to a rock? Do Hermit Crabs ever come out of their borrowed shells? These and other questions went on a study trip when Mrs. Hergert's fourth grade class, at Thomas Edison

School, went to Moss Beach, Friday, December 6th. The Seashore animals were collected and studied, then returned to their watery homes so other Californians could enjoy them. Hot soup and warm clothing kept everyone comfortable on Friday's brisk but sunny day.

It's the season for sending our holiday greetings and for saying a sincere "thank you" to all our friends and patrons.

Third grade visits museum

Mrs. Ann Gray took her thirty-seven third graders to the Josephine Randall Junior Museum, San Francisco, last week to learn about natural science. In their study of birds the children are learning about the effect of birds on man's environment, i.e., which birds are helpful and which are harmful. The children are learning how to identify birds. The class toured the museum to see what is offered. They decided that it would be worthwhile to spend Saturdays there as many children do, making things in the workshop creating ceramics, participating in creative art projects; caring for animals; learning about rocks and polishing rocks for art projects or collections. The only requirement for participation is that a child be at least nine years old. Children were heard to remark, "We want to come back again." "I'm going to ask my mother to bring me here again." "Can our Cub Den come here, too?"

Field trips for Webster children

Daniel Webster kindergarten and first grade children experienced a field trip in reverse recently.

When Mrs. Eloise Heidland's class visited the central fire station a short time ago, the big aerial ladder truck was not there.

But on Dec. 6, the truck came to the school.

Fireman Gerry Gray, who had given a detailed demonstration and explanation at the station, drove the big truck to the school, climbed up the extended 65-foot ladder and explained to the children how all of the equipment worked.

Fireman Gray was accompanied by Captain Vern Brooks from the Bayshore Fire Department which has recently been merged with the Daly City Department.

Mrs. Gladys Gould's second grade class of 34 children visited the Dubuque Meat Packing plant in South San Francisco Dec. 4.

The children watched transcontinental refrigerator trucks from Iowa being unloaded.

They learned that the hogs grown in Iowa are slaughtered and prepared there and then shipped to South San Francisco for processing.

Children saw wieners and bacon being hand packaged and hams sheathed in cotton bags by hand. The children were treated to a wiener and a folding 12" souvenir ruler.

and gentleness, and babes in cradles and laughing happy children. The great Christmas truth is not centered in power and wealth, but in what is real and in what endures. The Modern Herods still "seek the young Child's life." But the Child has lived these nineteen centuries. The Child will live on. And this is the true meaning of Christmas.

KPIX's large studio "B" rang with the joyous sound of Christmas music. In the studio was the Daly City Community Chorus who were taping their Christmas show "Let There Be Music" to be seen over Channel 5 next Sunday.

The setting is a family scene. There is a ga' decorated tree alongside a istmas decked mantel over a fireplace. Don Brice of KPIX's news department narrates the show. As he reads a charming Christmas story unfolds setting the scene for each musical offering of the chorus.

The chorus' first presentation is "At Christmas Time" from the "Song of Norway" followed by "Winter Wonderland" with a tenor solo by Alan Beall.

The Belle-Tones presented the tuneful "Silver Bells" with a soprano solo by Patti Stolz. An unusual presentation is two 13th century carols, "Lo, How a Rose E're Blooming" and "Alleluiah, Christ is Born," by the quartet. Members in-

clude Susan Boyd, Jackie Maden, Memory Gomez and Linda Thayer.

Patti Stolz will sing "A Christmas Song" while trimming the Christmas tree. Closing numbers by the chorus are "Twelve Days of Christmas" and "Santa's Cha-cha-cha."

The program is presented by the Public Affairs Department of KPIX under the direction of Caryl Coleman, Public Affairs Director. Coordinator of Daly City Recreation Department. Patti Stolz is director of the Daly City Community Chorus. Twenty-eight members of the chorus will appear on the special Christmas presentation.

Jot down the date, Dec. 22, 9 a.m., KPIX. Have all the family tune in because we know the youngsters will enjoy watching the show too.

Highlighting the Christmas television season too, is a special NBC colorcast "The Story of Christmas" starring Tennessee Ernie Ford (Dec. 22, 10 p.m., KRON-TV). We were given a "sneak preview" of the show along with other members of the Bay Area press. We chatted briefly with Ernie who told us the "program was a labor of love." Presented in color, the show has an international flavor as groups of African, Mexican and Oriental children sing in their native tongue. Very colorful and unique is an animated version of the story of the Nativity.

SPECIAL CHRISTMAS SHOWS: Over KKG-TV "The Divine Architect" special dramatic presentation by S. F. State students to be seen on Dec. 22, 10 a.m.

KGED will present Christmas festival "Live" on Dec. 23 and 24 at 7 p.m. with S.F. Boys Chorus, Berkeley Puppeteers, Marin Handbell Ringers.

California State College, Choir in "Songs of the Season," KTVU, Dec. 24, 8:30 p.m.

The Meaning of Christmas

By Rev. Thomas H. Wheelpley, Th.D.
Pastor, Grace Presbyterian Church, Daly City

It is fitting that at the festival of the birth of Jesus, we remember that he was a Jew. It may be a question of how much credit a nation or race should receive for its heroes and geniuses and saints, but we who are Christians should ponder again, and seek to understand the mystery, that when God sought to give us the supreme revelation of His Being and love, He became incarnate in the Son of a Jewish Carpenter of Nazareth.

It is also fitting at this festival of His birth, to remember that Jesus did more to break down the barrier between Jew and non-Jew, and all other barriers whatsoever. "In Christ Jesus there is neither Jew nor Greek, Barbarian, Scythian, bond nor free: but Christ is all in all," said a First Century Christian. In Jesus Christ there is neither Jew nor Gentile; American, Frenchman, Italian, Russian, black nor white, nor brown nor yellow. Christ is still all in all—so says Christmas today.

This does not mean that all variety is abolished, anymore than a man ceases to be a man and a woman a woman when they are united in marriage. Pride of race, or color or sect is done away: The barriers of understanding, to sympathy, to cooperation are discounted and abolished where His Spirit lives. And where these things do not transpire, there He is not, no matter how piously men may call Him "Lord, Lord."

If we understand the meaning of Christmas, we shall think of the democratic Way of life. To picture some men as being exalted and made halloved saints and even gods suggests an aristocratic view of life. The very essence of the Christmas message is centered in a carpenter's boy, himself later a carpenter who never became one of the exalted ones of earth, whose life by worldly standards ended in defeat and failure on Pilate's cross.

The moral dignity of every human being is an endowment bestowed by his Creator, Jesus proclaimed. If human beings are capable of making moral decisions, they are capable of governing themselves. Every State denied this God-given right, will become a wolf-pack with the strongest and the

most brutal of the wolves as the dictator, and then politics will consist of "the game of who gets what and when." No wonder dictators of the Right and the Left always find Christianity a stumbling-block and an offense.

It is fitting that at this celebration of the Birth of our Lord, we should remember our enemies in love. It goes without saying that we should remember our friends and loved ones. However, as Jesus puts it, "If you only love them who love you, what reward have you? Do not the pagans love you? If hate is met by hate, and violence by violence, then you have not stopped hate and violence; you have produced more. Indeed it might be well to remember the Christ of Christmas prayed for his betrayers and crucifiers, "Father forgive them, for they know not what they do."

Finally, some may think these sentiments realistic, utopian, then let me remind you that it was Jesus—(not Caesar or Herod who sought his life)—who lives, and to whose spirit we pay tribute this Christmas Time. It is to His Spirit men take time out to sing child-like carols, and talk about such things as purity

Let's all save \$100 Million

It was encouraging to hear President Johnson "pledge" to the joint session of Congress that he would practice "the utmost thrift and frugality." And it is encouraging that the Defense Department has already come up with a savings of \$100 million by proposing to close up some military facilities or combine them with others.

Good steps that these are, they are but a drop in the fiscal bucket. \$100 million is more money than any of us can ever hope to see; but this is less than 1% of the Federal budget. Incidentally, it will take three years before the Defense department can save the \$100 million.

Another point that taxpayers should not miss is that the proposed budget for next year will probably be about \$3 BILLION above the current year. This might also be considered a saving since the past three budgets have increased an average of \$5 billion each year. Or to put it another way, the deficit under the new budget will only be \$8.5 billion compared with \$9.2 billion for the current year.

We hope that the other departments of the Federal government can also come up with \$100 million savings, because if we had enough of them we might actually have a balanced budget for the second time in 35 years.

Letters to the Editor

Dear Editor:
RE: RUMFORD FAIR HOUSING ACT
I believe that the State's new Rumford Fair Housing Act was passed by the State Legislature too hastily without deep thought due to day and night sit in demonstrations by a handful of CORE people who seek arrogantly special privileges.

I am one member of a minority group in this country who went through quite a lot of abuses and persecutions during my 57 years of residence in the United States but I do not favor receiving or demanding a special privilege over other races or groups thru legislation.

The American people have lost much of their private rights and liberties already thru Federal and State legislation during the last 35 years. We should not infringe on other people's personal or private rights (including property rights) just to satisfy some minority groups or by some politicians seeking their votes. Every minority group should earn their respects and equality thru their own hard work, education and self support economically and financially and personal daily good behavior toward others.

If the Rumford Act is so good, why are they so afraid to put this bill to the people for a vote? Let the people of California vote on it next year, and decide for themselves once and for all. For one, will abide by the results of the election—win or lose.

Therefore, I believe with the Board of Realtors of California that the Rumford Act "diminishes personal liberty" and I support their petition campaign and the amendment to the State Constitution they propose as a means of safeguarding that liberty.
Sincerely yours,
YOUNG HAN CHOO
South San Francisco, Calif.

Montana WW I vets bonus due

San Mateo County Veterans' Service Officer Floyd D. Granger has announced Montana veterans of World War I, or their survivors, will be the recipients of a bonus from that state.

Granger said bonus legislation has been enacted by the Montana Legislative Assembly but the exact amount would be determined only after a survey is made of applications.

Granger said the San Mateo County Veterans' Service Office at the County Office Building in Redwood City would assist the Montana veterans with their application.

The address in Montana to which they must first write, according to Granger is: Adjusted Compensation Division, Box 1196, Helena, Montana.

The View From Behind the Badge

Written and Edited by Daly City Police Department

Nefarious burglarious she-nanigans... Burglary is an ever-practiced profession, it seems. The FBI, in the recent edition of Uniform Crime Reports, brings this even more to mind than it has been.

That agency says that ninety one percent of non-residence burglary was perpetrated in the night time, forty three percent of residence burglaries were committed in the day-time.

In our recent arrests, in concert with the Broadmoor Police, of the youngsters who were systematically burgling a Westlake neighborhood, we found that all of their work was done in daylight... and these amounted to some forty seven burglaries.

Another point — these boys did not break into any residence. Each and every entry was made through an unlocked door or window — and it did not always make a difference whether or not an inhabitant was in the house at the time!

It is axiomatic that the citizen and householder should take some basic anti-burglary precautions about the house. Not the least of these is to lock the doors and to lock the windows. This should apply whether or not anyone is at home, whether it is daylight or night time.

It is also a good idea to report to the police should the house ever be burgled. In some of the cases concerning these boys, reports were made. When that occurred, the descriptions of the culprits later proved valuable in clearing some of the cases. As a matter of fact, one such description, furnished by an intelligent and cooperative citizen-witness, led directly to the original apprehension and arrest.

The young man who was arrested for another series of residence burglaries recently, also did not break into any house. On each occasion, he entered the building by means of an unlocked door or window.

This thief, one will observe, operated only in the post-midnight to pre-dawn hours!!! Here is a man who walked up and down the neighborhood blocks, after midnight, actively trying doors and windows of the houses. Upon finding an open door or window, he entered, prowled and stole — sometimes from the bedroom

What Every Woman Should Know About Her Automobile

By WENDY WHEELER
Auto-Torium Feminine Driving Consultant

Christmas is ordinarily a wonderful, sentimental time of year — everybody loves everybody and people go about with a smile on their lips and a sparkle in their eyes—but not my husband!

Actually, I feel that the last minute rush is part of Christmas, but he — in his methodical, masculine manner — feels that Christmas should be approached logically and that all the gifts should be purchased, wrapped and tagged along about mid-summer. This year he went so far as to write, "Prepare for Christmas," on my calendar September 1. Well, now he's had three months to work up a good, loud grumble about women who procrastinate. Subtle grumbles like, "I've had your gift for months and you haven't even started thinking about me!"

Just between you and me — I had to begin thinking! All last summer he wasn't able to do any yard work because he had to listen to the baseball game. Well, obviously, if he had a good transistor radio he would be able to combine activities, as well as take it to work during the series or out on the boat when he goes fishing with the boys.

Auto-Torium Stores has a ten-transistor FM, AM and short-wave portable on sale for about \$10 less than I've seen one anywhere else. It's only \$49.95. When I bought it for him I was quite surprised at the weight—you'd think a radio that powerful would be heavy, but even with its two antenna it only weighs three pounds.

Another transistor radio, this one both FM and AM, with nine transistors, was the perfect gift for my teen-aged nephew. It too was specially priced at \$29.50, complete with an extra telescopic antenna and a 2 1/2" speaker.

Auto-Torium must have had a friend of mine who lives in Marin County in mind when they stocked a Clock-Ash Tray-Coin Holder made by Magna. Louise always sprinkles ashes on me because the only ash tray in her car is on the passenger side; she never seems to have change for the bridge toll; and she's invariably late.

Something for Everyone

By Samuel Chandler

The first page of the Christmas issue of "Ideals" contains these words: "Never a Christmas morning. Never the old year ends. But someone thinks of someone — Old days, old times, old friends."

These lines set the tone for the whole issue of Ideals which is volume twenty, number six of a periodical that is published bi-monthly by the Ideals Publishing Company. Maryjane Hooper Tonn is the editor, and John H. Hafemester is the managing editor.

"Ideals" is a publication of poetry and pictures pertaining to a theme. During 1963 the themes will be inspiration, Easter, old-fashioned ideals, woodland ideals, home ideals and Christmas. Each issue is published on slick paper and in beautiful print. While most of the pictures are photographs, some are drawings. About half of them are colored. All are used as a setting for verses or bits of prose.

"Ideals" is delightful and colorful. One reads it for pleasure rather than literary excellence. Most of the verses are mere rhymes by unknown poets. Let them speak of joys that are common to most men. They tell of simple things that have become associated with the American way of living. They speak of long ago before automation and the cold war. Surely the Christmas issue should be on everyone's list of things to read during the holiday season.

Dan Webster Xmas music
The Daniel Webster Orchestra under the direction of Richard Snyder presented a program of Christmas music today at Daniel Webster School.
Selections heard were "Deck the Halls," "I Heard the Bells on Christmas Day," by Colkin, "O Sanctissima," "Up on the Housetop," by Hanby, and "Angels from the Realm of Glory," by Smart.
Members of the orchestra are Michelle Warren and Jacqueline Carbone, violins; Mark Mieras, trombone; Jeannine Hirschhorn, Monica Knox, Harby Thodos and David Paganelli, clarinets, and Mark Paganelli, Michael Hendrickson and Michael Urrutia, trumpets.

It's SPARE TIME

at the Westlake Bowl
By Jim Grealish

Wednesday night bowlers in the 920 All-Stars provided plenty of excitement for both spectators and their fellow bowlers as they pounded the pins for some fantastic games and series. Joe Maurino, Lo Petrocchi, Ray Moore, Rich Brewer and Bill Greer of the Tom Collins Plumbing team led the parade with a 1089 first game, 1091 second and 930 third game to set a new league high of 3110. The Associated Insurance Company team rolled a 1049 game, Butcher and Tiedje a 1026, and McDougall Press posted 1018. In all, the eight team league averaged 962 for the night. There were a total of forty-three 200 games and nine 600 series turned in during the evening. Joe Maurino and Ray Moore both rolled 252 games, Joe shooting a 671 series and Ray 652. Other high rollers were Lo Petrocchi 262, John Morales 243, Bob Mac Eachern and Fred Thompson 235 and John Bazzanella 233.

Leading the Westlake Knolls League for the week was Hersch Laughlin with a 212 game and 611 series.

Our Junior teams continue to do well as the Bay Area Travel Queens hold first place with a 15-3 record while the Junior 900 Masters team fight to retain their hold on first place next Sunday when they meet the Castle Lanes team at Millbrae Bowl at 6:00 p.m.

Second round qualifiers in the current News Call-Bulletin Christmas Singles Classic are striving to improve their first round scores before 10:00 p.m. Sunday at which time the top 25% will advance to the final round. With the 1964 MG sedan plus television sets, every pin counts toward the qualifying for the House Championship competition.

Jep Jepson sent the pins flying Monday night in the Canco League with a terrific 264 game on his way to a 606 series. Our sincere best wishes for a speedy recovery to Bill Casey, Canco League President, who is temporarily confined to St. Mary's Hospital.

Secretary Pat Garcia and Mary Adams shared the bowler of the week honors in the A-1 Nursery League as Pat rolled high game with a big 224 and Mary had the best three game total with 488.
